February, 2010

Dear Consulting Planner:

Greetings and Happy New Year! It's time to renew your membership in the Massachusetts Association of Consulting Planners (MACP).

Now, more than ever, consulting planners are in a highly competitive environment and need visibility through the Massachusetts Association of Consulting Planners. MACP has been in existence since the 1970's and continues to promote the private sector planning profession.

This is not the time for dues increases, so we are holding the price of a two-year membership (2010–11) in MACP at \$100. Please renew today and support the private-sector planning profession and get listed in the only on-line resource for consulting planners.

The MACP Executive Board has decided to provide the membership with the following programs this year:

- Updating the MACP website and listing in the Planning Consultant Directory, an on-line directory organized by discipline and specialty: [www.macponline.org](http://www.macponline.org);
- Information and guides on the new Ch. 30B Procurement Rules and state ethics laws;
- Continued efforts to maintain a Master Vendor List at Department of Housing and Community Development;
- Monthly sessions to learn about new state and municipal planning initiatives from guest speakers;
- Co-sponsored events with other state planning organizations; and
- Networking opportunities.

Enclosed is a membership form and list of areas of planning expertise. Please fill these out. Your firm will be listed in the on-line Planning Consultant Directory in up to eight discipline areas.

Please call me or send an e-mail message to [Anne.McKinnon@jacobs.com](mailto:Anne.McKinnon@jacobs.com) or myself if you have any questions. Thank you in advance for your continued membership and support of MACP. I look forward to seeing you at a program in the near future.

Sincerely,
